

Sec. 18-54. - Same—Emergency medical services advisory council review.

- (a) The council will review the application, consider the recommendations of the public safety director, the fire chief, other service providers, and any affected municipality and forward a recommendation on the application to the board.
- (b) In making its recommendation to the board, the council shall consider the following factors:
 - (1) Compliance with the appropriate license requirements set forth in F.S. ch. 401 and F.A.C. ch. 64J-1. This shall not apply to applicants for a Class F certificate.
 - (2) The population density and composition of the areas within which the proposed service will operate.
 - (3) The need of the people in the proposed service area for such service.
 - (4) A comparison of estimated annual requests for service in the particular certificate category with the current number of vehicles permitted for operation and operating in the proposed service area.
 - (5) The recommendation of any municipality located within the proposed service area.
 - (6) The recommendation of the local or regional agency created under F.S. ch. 395. This shall not apply to applicants for a Class F certificate.
 - (7) Such other factors related to the standards of review set forth in section 18-56, as the council shall deem appropriate.
